

The Nominating Committee Report

This year's slate presented a large challenge for the Committee: Two-thirds of current positions required new nominations due to term limits. The tremendous efforts of those in these positions over the last few years left some very big shoes to fill, and we would like to thank them for their service.

We have appreciated the feedback and suggestions of the congregation in compiling this year's slate - please always feel free to chime in to next year's Nominating Committee with any thoughts you might have - both on candidates, the committee structure, or the process as a whole.

ARE: Kent Wittenburg
Archives: Gary Riccio
B&G: Miguel Gomez-Ibanez
